CONSERVING THE PEACE THROUGH A SERVICE-ORIENTED APPROACH GUIDED BY OUR CORE VALUES
SHERIFF CAPRICE MASSEY

Letter of Support

I am pleased to write this letter of recommendation in support of Gg's House and its ongoing mission to serve individuals and families within our community.

Gg's House has consistently demonstrated a strong commitment to providing a welcoming, compassionate, and supportive environment for those in need. Through its programs, services, and community outreach efforts, the organization has made meaningful and lasting impact on the lives of countless individuals. The dedication of its staff and volunteers reflects a genuine passion for helping others and strengthening the community.

What sets Gg's House apart is its ability to foster connection, hope, and opportunity. The organization not only addresses immediate needs but also empowers individuals through resources, encouragement, and a sense of belonging. Their commitment to treating every person with dignity and respect is evident in all aspects of their work.

I have witnessed the positive influence Gg's House has had on those it serves and have been impressed by its professionalism, integrity, and effectiveness. The organization is a trusted community partner that consistently delivers high-quality services while maintaining a focus on compassion and inclusion.

Gg's House is a big part of National Night Out in the city of Gaston. They have also helped with several emergencies in Gaston. I can always rely on Gg's House during a community emergence. Gg's House has also donated supplies to the city of Gaston many times.

I wholeheartedly recommend Gg's House for any partnership, funding opportunity, or community support under consideration. Their work is both valuable and impactful, and they continue to make a significant difference in the lives of many.

Should you require any additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Jarrod McCreary".
